PROFILE

Results-driven financial analyst with over six years of experience in corporate finance, valuation, and M&A advisory across banking and consulting. Skilled in translating complex financial data into clear, actionable recommendations for senior stakeholders. Known for rigorous modeling, sound judgment under deadline pressure, and a collaborative approach to cross-functional projects.

EXPERIENCE

Senior Financial Analyst — Nordholm 2022 – Present
Capital Partners, Zurich

- Lead financial modeling and valuation analysis for transactions ranging from CHF 20M to 500M
- Manage due diligence workstreams for cross-border M&A engagements
- Present quarterly portfolio performance reviews to the investment committee
- Mentor two junior analysts on modeling standards and best practice

Financial Analyst — Deloitte Switzerland, 2019 – 2022
Zurich

- Built financial models supporting client valuations and restructuring advisory
- Conducted market and competitor benchmarking across 15+ client engagements
- Automated recurring reporting workflows, cutting turnaround time by 30%

Analyst Intern — Crédit Suisse, Zurich 2018 – 2019

- Supported the equity research team with sector analysis and earnings models
- Prepared client-ready presentation materials for investor meetings
